

RUN DOWN BY LOCAL MAN, IS BADLY HURT

William Stout, Age 11, Struck by Automobile Driven by A. G. Haydon, Who is Not Blamed

MOUNT HEALTHY, O., ACCIDENT

Boy Darts in Front of Local Man's Car While Watching Another—Taken to Cincinnati

William Stout, age eleven years, was run down and seriously injured in Mount Healthy, Ohio, his home, late Thursday by A. G. Haydon of this city, who was returning to Rushville in his automobile from Lexington, Ky.

The boy was removed to Bethesda hospital in Cincinnati last night and an operation was performed at eight o'clock, but this morning a dispatch from Mount Healthy said that the youngster was not out of danger.

Mr. Haydon, who was accompanied by Mrs. Haydon and Mrs. Warder Wyatt and his brother-in-law Ben Humes, was completely exonerated of any blame for the accident, because the boy ran in front of his sedan, which was not traveling more than fifteen miles an hour, according to witnesses of the accident. It was stopped within 20 feet.

The right fender of the car struck the boy on the right side of the head, crushing some bones. In the operation performed by Dr. Stewart at the Bethesda hospital last night, it was necessary to take out some of the bones in the head and replace them, because they were pressing against the brain. The hospital physician said that even though the boy recovered he might be paralyzed at times.

The youngster was watching another automobile coming down the street and did not see Mr. Haydon's machine until it was too late, and he darted into the fender before Mr. Haydon realized what had happened.

The automobile the boy was intent on watching, which distracted his attention from the Rushville man's machine, was driven by Mrs. Carrie Drott, wife of the owner of the Mount Healthy flour mill, by whom the boy's father, Charles Stout, is employed.

She was a witness to the accident and said that Mr. Haydon was entirely blameless. Mrs. Gertrude Rhodover, 5275 Rugby Road, College Hill, Ohio, was the only other witness to the accident.

Both women accompanied Mr. Haydon and Mr. Humes to the mayor of Mount Healthy, Alexis Brown, who took a statement from them, and on the strength of the evidence, did not place Mr. Haydon under bond. Mayor Brown, however, asked (Continued on Page Three)

Roscoe Virgil Miller Seeks Delay in Trial of Divorce Suit Filed by Edna J. Miller

COMPLAINT ON NOTE FILED

The divorce suit of Edna J. Miller against Roscoe Virgil Miller, which is scheduled for trial Saturday in the circuit court, was expected to be continued until a later date, because the defendant this morning filed a motion asking that the case be continued until some date after Christmas.

The case is expected to require a day for the evidence, and in filing his motion for a continuance, the defendant alleged that he is employed as a manager for a chain grocery in Indianapolis and because of the busy season of the year, could not appear without losing his position in the store.

No other case was set for Saturday, and if the motion for a continuance is granted, there will be little business in court Saturday, excepting the presentation of minor issues.

Among the new cases filed today in the circuit court is a complaint by the state bank of Milan against Ella Grose and Paul Brodie, the action being on a note demanding judgment for \$75.

RIPLEY TOWNSHIP MEN KIWANIS CLUB GUESTS

Welcomed by S. B. Groom, Secretary of the Club, and Each of Five Respond with Short Talk

DIRECTORS ARE REORGANIZED

The Ripley township business men were guests of honor at the weekly luncheon of the Rushville Kiwanis club Thursday noon, and five of the citizens representing the township were present for the meeting.

S. B. Groom, secretary of the club, extended the address of welcome to the visitors, and each of the five men from the township responded with a talk. The men were Roy Herkless, Harry Leisure, Carol Williams, Henry Conway and N. F. Leisure.

The board of directors of the club, which was newly elected at the meeting of the week before, also announced their organization for the ensuing year. Clarence Walden has been selected as chairman of the board, Paul Phillips, financial secretary, and S. B. Groom was retained as secretary for the club.

The usual Christmas program will be carried out next Thursday, and the meeting next week will be the last this year.

EFFORT TO SAVE MASONIC TEMPLE

Proposal Made to Sell Lower Floor and Turn Second Story Over to Phoenix Lodge No. 62

STOCK MUST BE SURRENDERED

Many Owners of Original and Second Issue Shares Express Willingness at Oyster Supper

Following an oyster supper at the Masonic temple Thursday evening, a movement was under way today to sell the lower floor of the Masonic building and place the second story in possession of Phoenix Lodge No. 62, Free and Accepted Masons.

As the proposition was presented last night, if stockholders in Phoenix Masonic Temple association, owners of the building, surrender their stock, and those who subscribed to additional stock five years ago, surrender their rights, the proposition can be put across, providing Masons will contribute \$4,400 in cash.

Manly Pearce, the moving spirit back of the enterprise, who provided the oyster supper, not only agreed to surrender his block of twenty shares with a par value of \$50 a share, but said he would give \$1,000 to help make up the \$4,400 that is needed.

Blue lodge Masons were invited to the supper so that the proposal could be presented and they could take the alternative of accepting it or permitting the association to be thrown into receivership, in which case the Masonic temple would be sold to the highest bidder.

The building is the sole assets of the association, and its liabilities consist of the following: 400 shares of original stock worth \$50 a share, about \$7,635 subscribed five years ago by Masons in an effort to keep the association from going defunct, and for which no stock certificates were ever issued; a mortgage indebtedness of \$16,700, of which \$14,000 is held by an Indianapolis bank, \$1,600 by the Rushville National bank and \$1,000 in notes for money loaned to the association by Masons. All of this, together with some small accounts, make the total indebtedness of the association \$45,868.32.

The association has a bid of \$20,025 for the lower floor of the building and the upper floor is put in at \$17,500. In case the transaction should be completed, it is provided that the owner of the lower floor and the lodge would share equally in upkeep and heating, and that in case of fire, the lodge and the owner of the lower floor would divide the ground evenly.

Judge Will M. Sparks, who explained the proposal to turn the second story over to the lodge free of debt, said that the lodge stands too well in state Masonry to allow the lodge home to be in jeopardy. (Continued on Page Six)

CONTRACTORS NEVER EXPECT MONEY BACK

Elias Mortimer Says on Cross Examination Hospital Contractors "Loaned" Col. Forbes \$5,000

TOLD THEM HARD LUCK STORY

(By United Press)
Federal Court Room, Chicago, Ill., Dec. 12—John W. Thompson, millionaire St. Louis contractor, and his partner, the late James W. Black "loamed" Col. Charles R. Forbes, \$5,000 when he was "broke" but they "never expected to see the money again", Elias H. Mortimer testified today in the Forbes-Thompson fraud trial here.

Mortimer, the government's chief witness in its efforts to show Forbes and Thompson conspired to defraud the government through building veteran's hospitals, gave this testimony in cross examination.

"Col. Forbes told me he was broke and needed money," Mortimer testified. "I told him I would see what I could do for him."

"I went to see Thompson and Black and told them a 'hard luck story' about Col. Forbes and they gave me the money to give Forbes."

"We called it a loan but they never expected to see the money again," Mortimer said.

Republican Members of House Debate Question at Conference to Speed Up Legislation

MARY SLEETH ON COMMITTEE

(By United Press)
Indianapolis, Ind., Dec. 12—Race for the speakership of the next house of representatives was the principal topic of discussion as Republican members of the house gathered here today to hear the administration's plans for economy, efficiency and speeding up work when the next general assembly meets.

Harry Leslie of Lafayette, the administration's candidate, was considered as having an inside position in the race.

Other candidates which were being boomed were George Freeman of Kokomo, William Hill of Hammond, Lemuel Pittenger of Selma, William Ross of East Chicago, James Knapp of Hagerstown and Charles Clark of Indianapolis.

NEED FOR GREATER RESPONSE IS SEEN

The need for a greater response from the friends of Santa Claus became more apparent today when a member of the Rush county board of children's guardians reported that she had found twenty-five children in three blocks would have no Christmas whatever if this fund did not arrange with Santa Claus to stop at their houses.

Previous reports have indicated that the number of children to be remembered this year would be greatly increased over last year and subsequent developments have tended to emphasize this fact.

Death, sickness and other misfortunes have played havoc in many homes, where Santa Claus will be a stranger on Christmas eve, if his friends do not rally around and come to the front for the little unfortunates in Rushville.

With less than two weeks remaining before Christmas, there will have to be much more substantial giving if there are no broken hearts in Rushville on what should be the happiest day of the year.

The little folks of the city have responded most generously this year but many of the larger gifts to the fund that have been forthcoming in the past have not materialized. Unless some of these realize their obligations to those not blessed with even many of the necessities of life, many Rushville children will have a very scant Christmas.

The Salvation Army kettle is doing faithful duty on the streets and Thursday yielded \$7.21.

CRUELTY TO ANIMALS CHARGED IN AFFIDAVIT

Causes Arrest of Tom Tompkins and Roy Hall of Milroy—Later Pleads Guilty and is Fined

TOMPKINS CHARGE DISMISSED

An affidavit charging cruelty to animals was preferred in Justice Stech's court by Prosecutor Ketchum, causing the arrest of Tom Tompkins and Roy Hall of Milroy, who appeared this morning to answer to the charge.

Hall pleaded guilty and was fined \$1 and costs, amounting to \$17.25, and the case against Tompkins was dismissed. The charge accused the men with mistreating a cow that was permitted to go without food, water or shelter for more than a day. Hall stated that he purchased the cow from Tompkins, and after getting it home, discovered it to be misrepresented and not worth the \$39 that he paid for it.

Then, according to the officers, Hall took the cow back to Tompkins, who is said to have refused him to let it in his barnyard or wouldn't take it back. So, according to the story related in court, Hall tied the cow on the outside of the barnyard and left it, thinking that Tompkins would change his mind and take care of the cow. The animal remained tied for a day and a night, and the attention was then brought to Prosecutor Ketchum, who filed the charge against both of them, in order to determine who was responsible.

PUTS EQUAL BLAME FOR MURDER ON MRS. SWEETIN

Second Confession of Lawrence M. Hight Admitted as Evidence in Trial For Sweetin Slaying

SAYS SHE GAVE THE POISON

Mt. Vernon, Ill., Dec. 12—A second confession of Lawrence M. Hight, which places equal blame for the death of Wilford Sweetin, upon Mrs. Sweetin and himself, was introduced as testimony in the Hight-Sweetin murder trial today.

Judge Kern ruled in favor of the confession after the defense had argued for about six hours against its admissibility.

In the confession introduced today Hight's reason for the murder was so "he and Elsie Sweetin could carry on their love pact without dodging the glaring eyes of townspeople." In the second confession Hight said he had purchased the poison which was used in killing Wilford Sweetin and that Mrs. Sweetin administered it.

Innis, Pearce Furniture Company Invests \$100 in Health Bond to Help Drive Out Disease

BIG STRIDES BEING MADE

Two \$25 and Two \$10 Bonds Sold Help to Bring Total for Today up to \$751.18

The investment by Innis, Pearce and company of \$100.00 in Health Bonds was materially responsible for the big gain shown today in the receipts from the sale of Health Bonds and Christmas Seals, which will be used in the campaign to root disease from Rush county and improve the health of the people of the county.

The Seals campaign showed the biggest gain of the season today, with a jump of \$265.12.

Not alone the gift from the furniture company, but several other substantial sales of Health Bonds were responsible for the spurt, which was very encouraging to members of the Psi Iota Xi sorority, who are making the canvass.

The Reynolds Manufacturing company bought a \$25.00 Health Bond and Mr. Reynolds himself invested a similar amount in the campaign.

There were also two \$10.00 bonds sold, one of them being taken by Martha Poe Chapter No. 43, Order of the Eastern Star, and the other by the Knights of Pythias.

There are also a number of \$5.00 bonds in the following list of contributions announced today:

SAYS BUSINESS IS TRYING TO SERVE

Paul R. Benson of Newcastle Addresses Presbyterian Men at Rabbit Supper Thursday Evening

"THE NEW DEAL IN BUSINESS"

Refers to New Era as Moral Prosperity, Not Business Prosperity—Reading by Mrs. Gibson Wilson

Forty-seven men sat down to a bountiful rabbit dinner at the First Presbyterian church Thursday night and listened to an inspiring address by Paul R. Benson of Newcastle, an attorney, and recently elected prosecutor of Henry county.

The cooks had done themselves proud and received many words of praise from the hungry men. Church hymns were sung and a reading was given by Mrs. Gibson Wilson, recalling some of the early school days some of those present, when Judge John D. Megee was supposed to have been the teacher.

Mr. Benson said in the course of his address, "Real men do not look for easy things," as he discussed "The New Deal in Business." He said that he did not refer to business prosperity as such but the new era of moral prosperity. He described past conditions and methods used in business and corporation in which the object seemed to be to make a sale regardless of results to the other person.

Today, there is a new deal in business in which business is trying to serve its constituency. He illustrated this by the methods used by Marshall Fields in which his clerks were instructed to sell service.

He stated that now kindness is the rule, and cited the pension system of corporations. Every person who buys a gallon of gasoline contributes to the pension system of the Standard Oil Company's employees.

There is a higher standard of ethics now than in past years. He referred to newspapers which formerly would print any kind of an advertisement, but now refuses that which they think is not proper, for the good of the homes into which their publications go.

"The new deal in business means new ideals," the speaker declared. "This is a new spiritual force at work. In proportion to our high heritage, should be our service rendered."

"Formerly men used to question how far they were their brother's keeper. But today they go beyond that and say, 'How fares it with my brother?'"

From every standpoint, the address was masterly. His sentences were gems of beauty. His message was inspiring. Many were the words of appreciation received.

CANVASSERS WORKING FOR THE LAST \$10,000

With Subscriptions to Furniture Stock at \$66,600 There is Hope of Reaching Goal

CLOSE IT BY SATURDAY, AIM

The furniture factory stock subscription campaign stood at \$66,600 today.

This represents the actual amount for which pledges have been given and as canvassers started after the last \$10,000 this afternoon, they had hopes of reaching the goal—\$75,000.

Pledges for stock in the sum of \$16,600 have been obtained since the dinner at the Social Club Wednesday evening, which was attended by forty business men, many of whom increased their subscriptions rather than permit the offer from the management of the Rushville Furniture company to build a dining room furniture factory, if a preferred stock issue of \$75,000 were taken by the citizens of Rushville.

Those who are in charge of the campaign are ambitious to reach the desired amount by Saturday so that preparations can be started at once for putting in the foundation of the building and construction work can get under way by next spring.

RUN DOWN BY LOCAL MAN, IS BADLY HURT

Continued from Page One
The Rushville man to send him a statement regarding his liability insurance.

Edward F. Bradstreet, editor of the Hiltop Weekly, Mount Healthy, provided information regarding the accident by telephone. He stated that public sentiment was entirely for Mr. Haydon and that his conduct following the accident won the admiration of everyone.

Mr. Haydon, according to Mr. Bradstreet, offered to pay all of the hospital expenses and made arrangements to keep in touch with the boy's condition until he was out of danger.

The little boy who was hurt, is one of a family of five boys. One of his brothers was run down by an automobile truck early this year, and he is now a cripple from the effects of the injury.

Mount Healthy is two miles beyond the Cincinnati city limits on the Hamilton pike.

The Rushville party was returning from Lexington, where Mr. and Mrs. W. P. Haydon, parents of A. G. Haydon, had been celebrating their golden wedding anniversary. They had expected to come back through Oxford, Ohio, and spend a few hours with Miss Kathryn Haydon, daughter of Mr. and Mrs. Haydon, who is attending Western College.

"Wild Cat" Stocks

A newspaper cartoon pictures an
immense black cat, representing
"wild cat stocks" sniffing the de-
lightful aroma coming from smoke
stacks and tall buildings in the back-
ground, representing the business
revival and stock market boom.

It is a warning that is worth heed-
ing. Salesmen who peddle worthless
stock thrive best when prosperity
comes in and people have money.
Easy Money is the urge that leads
people on to easier money, until
they finally "bite" and are dragged
under.

Penitent promoters behind pris-
on bars and thousands upon thou-
sands of failures are the evidence
that remains of the orgy of fake
stock promotion and buying during
the flush times following the war.

Some fake stock salesmen are
caught, but never with the goods.
Kortez, the \$2,000,000 Chicago
swindler, is in prison but those he
duped will not get back forty per-
cent of what they "invested".

Ponzi, the Boston investment fak-
er, has served his term in the peni-
tentiary, but the credulous who be-
lieved him lost their savings. Num-
bers of other stock crooks are in
prison, and behind them is a trail
of broken hearts, crushed ambitions
and ruined lives.

People should profit from the les-
sons these major swindlers have
taught, but all too few of them do
because it is one of the weaknesses
of human nature to want to get
something for nothing.

The logical thing, then, is for the
state to protect those who need pro-
tection against the wiles of the
"wild cat stock" promoter.
Better business bureaus in forty-
two states are endeavoring to pro-
tect the public against fraudulent

and doubtful investment proposals.
They need the backing of good
"blue sky" law that is cloudless.
Indiana needs a stronger statute
to prevent some of the frauds that
have been perpetrated against in-
vestors, and it needs officials who
will not endorse stock of doubtful
value and lead innocent investors
into difficulties.

Santa Claus

Now there's Santa Claus!

What a wonderful personage he

is! What a vast amount of joy and
good cheer he brings to mankind at
this season of the year!To children he is a real, live, lov-
able, gift-distributing old gentle-
man. To the adult he typifies the
heart warming, genial, unselfish and
liberal spirit which fills the world at
Christmas time.And Santa Claus, while making a
universal appeal, has many roles to
play.Santa Claus is no respecter of
class, creed or cause. He visits the
hospitals to bring happiness to little
suffering tots, he enters prison cells
to cheer the unfortunates, he sails
gaily down the spacious stone chim-
neys of the rich and just as gaily
does he squeeze through the small
chimney of the humble cottage. Hap-
py the home in which the illusion of
Santa Claus predominates.**The Hodge - Podge**

Some folks never realize what big

There was an increase in marriages
in 1923, U. S. Statistics reveal. But it
was probably not due to the antiquated
idea that two can live cheaper than one.

The ocean is between 70 and 100

no doubt, to have sense enough not
to try to drown its troubles.

HUNT'S DAILY LETTERBY HARRY B. HUNT

WASHINGTON — Pouring oil
on a fire to extinguish the
flames, as most folks know,
would be the height of stupidity.
Yet, figuratively, that is just
what the Washington police de-
partment did the other day when
called to put out a verbal con-
flagration at the annual meet-
ing of the United Daughters of the
Confederacy.

The Daughters, it seems, came
to town with the fighting spirit of
their forefathers still undimmed.
The fall of the gavel in the hands
of Mrs. Walter Hutton, the chair-
man, instead of being a signal for
order, was the starting gun in a
battle between two hostile fac-
tions.

Both sides were all primed for
the attack. In a jiffy, a barrage of
charges, countercharges, accusa-
tions and recriminations was ex-
ploding on all sides.

Screams of agony and protest
from the wounded; shouts of de-
fiance and challenge from the lead-
ers. Pandemonium and hysteria
reigned supreme. In the uproar
the pounding gavel of the chair-
man and her calls for "order" and
"remember we are ladies," were
entirely lost.

WHEN it seemed that perhaps
the bloodiest battle of the
Civil War was yet to be
fought—was, in fact, just starting
—somebody called for the police.
No Daughter will admit she did
it, that would be an admission of
defeat for her side. Perhaps some
nearby resident or some passerby
who thought nothing less than
wholesale murder was going on
within was responsible.

Anyway the police were sum-
moned.

And the first bluecoat to reach
the scene—remember this was a
battle of honor between two fac-
tions of the proud and blue-
blooded Daughters of the Confed-
eracy, scions of the Old South—
was E. H. Braxton, a negro patrol-
man!

Oil on fire, as we suggested at

the start, will not extinguish the
flames. But even that, it seems,
would be more effective than the
efforts of a negro officer to subdue
Daughters of the Confederacy, par-
ticularly when their fighting blood
is up.

Officer Braxton believes he should
be recommended for the Distin-
guished Service Cross, if such a
decoration is available for police-
men, for "gallant and extra-hazard-
ous services over and above the
call of duty."

And if words could wound, not
only Braxton but all the higherups
in the Washington police depart-
ment would be among the major
casualties in a hospital.

MRS. MARY NORTON OF Jer-
sey City, N. J., the first
woman Democrat to be elect-
ed to Congress, shattered an old
tradition of the House on her first
visit there.

Although she will not take her
seat until the next Congress, Mrs.
Norton ran down to Washington
to hear Coolidge's message on Dec.
3, and as a member-elect exercised
her privilege of sitting on the
floor.

Whether wilfully or unknowing-
ly is not revealed, but she disre-
garded the old rule, heretofore ob-
served by woman members, that
hats are not to be worn by mem-
bers on the floor.

This rule had been carefully ob-
served by Republican congress-
women, but Mrs. Norton's nifty
bit of millinery wrecked it, prob-
ably forever.

And no male member had the
nerve to protest!

THE old pork barrel rolled into
Congress early in the ses-
sion.

Within an hour after Coolidge's
message on "economy" had been
read to the joint session, Senator
Fletcher of Florida tried to attach
as a rider to a bill providing
needed quarters for the govern-
ment in Washington an amend-
ment for \$38,000,000 worth of post-
offices, etc.

A crossword puzzle a day will not

The new school building in Center
township is receiving the finishing
touches and will be completed this
week. The high school students are
enjoying a week's vacation for that
reason. Prof. John Geraghty, who is
the high school instructor, is enjoy-
ing his vacation in this city.

The people in the neighborhood of
Fairview seemed to be following in
the trail of misfortune Saturday
and Sunday as two accidents occur-
red there, all on account of the slip-
pery ground. One woman suffered
a broken thigh and a man fell and
received a badly bruised arm and
shoulder, but no bones were broken.
Arlington came in for its share, too,
for one resident fell out of a hay
mow and suffered a broken leg.

the guest of her niece, Mr. Fred

Cincinnati this morning for a short
visit before going to Eureka Springs

Mr. and Mrs. William McBride and

PETERS LEADS IN SCORING

The Fairview A. C. Basketball team triumphed in a great victory Thursday night at Fairview, when they took the Morgantown team into their camp, by the score of 43 to 23.

The first half was close, with the home team leading 20 to 15, but in the last half, Fairview stepped lively, and soon were so far in the lead that the Morgantown bunch could not catch up with them, and they only made 8 points, while Fairview added 23.

Peters led in the scoring for Fairview, while for the visitors the two Adams brothers went best. Several basketball fans from Rushville witnessed the game, and a large crowd was on hand. The line-up and summary:

Prospects for getting a good schedule for next year is in sight. The Anderson Bulletin says:

Manager Roberts is negotiating with Columbus, Shelbyville, Rushville, Martinsville, Muncie, Franklin, Frankfort, Bedford, Vincennes and other prominent teams for basketball games next season. A fast schedule is assured for Anderson.

Grab off the good teams for next year, and build the Lions up for the heavy work. Let's eat out some of the weaker sisters.

The New Palestine Red Birds must have won their game from New Salem Tuesday night, because we never heard another word about the big event. Funny thing how some teams forget to report their games, when the other fellow wins.

Carthage faces a hard week-end. They play at Cumberland tonight and on Saturday they meet Moscow at Blue Ridge.

They just can't get that game off their minds in Connersville. Here is what Side Lights says:

FIGHT'S GONNA HAVE A LOT TO DO WITH WINNING THAT RUSHVILLE TILT. NOT

TOO EARLY TO BEGIN TO GET THE OLE PEP, GANG.

Says the Hardwood Hamper of Columbus:

But now down to brass tacks. Rushville, with what it considers the hardest game of the year on its hands Friday night here, is coming determined to triumph. That is the spirit which counts, but as the Bull Dogs also have the same spirit it will, after all, be a case of the better team getting the gravy while the other gets the bones. As the Bull Dogs lived on bones for two games they're quite fed up on them, thank you.

Columbus says that the bark of the Bull Dogs isn't what counts—it's the bite. But barking dogs, so we are told, never bite.

Perhaps The Scribes Will Let Him Off a Day

What's a guy going to do, with basketball on full tilt, and here comes along an invitation to participate in the state checker tourney at Indianapolis on December 30?

—Casual Comment, Vincennes

Newcastle is looking into the future. Markin' 'em up says, "Keep thinking about that Muncie game, gang!"

SEND IN YOUR DOPE ON BASKETBALL. MAKE IT SNAPPY, SHORT AND TO THE POINT.

Moscow is Barnstorming!

Watching the Fools in the Muncie Press says:

Extra! Extra! Moscow's on the trail again! The kids of "covered bridge" fame, who won the Eastern Indiana sectional tourney last year, defeating the Huntington Celts, the Meadow Golds and Yorktown with its Anderson High stars, start barnstorming tonight. They tangle with the Galveston crew on the upstate floor. Earl Ball, of this city, who had charge of the Meadow Golds last year, is in charge of the Gosnell-Tillison bunch.

THE SUICIDAL FIVE

Gas of Roanoke, Mustard of Richmond, Garlie of Summittville and Coakain on one of Cass county's teams have been chosen as members of the "Hot and Dopey" team. Will someone please round out the crew with one more addition?—Washington Democrat.

Markin' 'Em Up adds Hatchet of Eaton and then why not blow the whole thing up with Cannon of the Magic City Crew?

"Rushville will play at Columbus Friday night. Somebody else is going to be discovered," so says Casual Comment of Vincennes, but he doesn't say who will be discovered. That's what we want to know before the game.

At Kirkland (where is that geography?) they make a family affair of it, the team being composed of D. P. L. and K. Arnold. The baby's too young so they called on an outsider to complete the quintet.

—Basketbawls, Washington

Raleigh plays at Connersville tonight. Wouldn't it be some jar if the Sir Walters would flop 'em.

A crowded gym tonight will be at Greensburg, where Shelbyville will move over for a game.

The Bull Dogs are barking, we're off to Columbus.

Pitcher Again Gets a Chance

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Dec. 12—Official batting averages for the American League indicate that the efforts of the rule makers to help the pitchers are meeting with some success. Perhaps the lively ball, which produced such a spree of hitting in the past several years, was made less lively or it may be that the compromise on the pitching rules helped the pitchers and made it harder for the batters.

Most of the major league club owners view baseball from a commercial standpoint. With big investments of money represented in high-priced parks and fancy priced players with large salaries, the club owners cannot be blamed too much for watching the cash register.

Baseball, unlike the game of boxing, has been kept consistently in the favor and popularity of the public by changing its style to meet a changing interest in the game. The rules of boxing never have been changed to keep up fully with the changes that must come in the tastes and designs of changing generations. Baseball has done well in supplying just what the public seemed to want in the way of baseball.

In the old days, a tight pitchers'

battle with a low score was the favorite style of baseball. Great pitchers were developed then and little premium was placed on hitting. Fast base running clubs became a vogue and major league managers stressed the value of a fast attack. Base runners could be developed easier than great pitchers and great batters.

When Babe Ruth came along and made popular the slugging, smashing style of attack, the crowds flocked to games in which there was promise of a home run. Every club owner wanted a Babe Ruth on his team, but there was only one Babe and the club owners had to do the next best thing.

When the popular style of baseball turned to a hitting game, the rule makers had to impose a handicap on pitching so that it would be easier for the batter. The spitball was barred and rules were passed against the use of any foreign substance on the ball. The "shiner" and the "emery ball" were ruled out and the hitting increased.

It was rather easy then for a .275 hitter to jump up into the .300 class or better, but it was far more difficult to create a batter who could slam the ball out of the lot when the Ruth craze for home runs was started. The pitchers couldn't be saddled with any more handicaps in the delivery of the ball and the batters couldn't have it made easier for them to hit. The magnates found the solution in a lively ball that would go farther and faster.

ACQUITTED

Following her acquittal by a jury of the charge of murdering Fred Schneider, Mrs. Anna Buzzi announced she expected to make a trip south and visit in New Orleans with her sister, Mrs. William T. Ture.

Mrs. Ture is the wife of a young taxi driver, who in the course of two trials accused Mrs. Buzzi of the murder. At a re-trial, which was concluded with the jury's verdict of "not guilty," Mrs. Buzzi, in her turn, said she believed Ture had committed the crime for which she has spent 11 months in the death house following her first conviction over a year ago.

Mrs. Buzzi was accused of shooting to death the man who for eight years maintained her in a "love nest." Schneider's dead body, guarded by his "chow dogs", was found slumped over the wheel of his automobile on the evening of February 26, 1923.

EFFORT TO SAVE MASONIC TEMPLE

Continued from Page One
Judge Sparks read a telegram from Senator James E. Watson, who said he would surrender his 192 shares in the association, having a par value of \$5,100, and his offer was vigorously applauded.

Other Masons living elsewhere, who offered to surrender their stock, in messages received here, were Dr. W. S. Coleman of Miami, Florida and W. A. Stockinger of Noblesville.

Two hundred and fifty-two shares of the original stock was surrendered last night and \$2,000 of the sum subscribed five years ago was signed over to the lodge. Practically every subscriber to the new issue five years ago, who was present last night, gave their consent to have it signed over to the lodge.

A vote of thanks was extended to Manly Pearce for his interest taken in the movement to save the Masonic building for the lodge.

Committees were at work today endeavoring to interview those who hold both issues of the stock, in an effort to persuade them to sign it over to the lodge, and to raise the cash that will be necessary to close the transaction.

Set yourself straight on these Bran facts!

If you eat bran it is because you seek relief from constipation and toxic poisoning!

To get the relief your physician will tell you that bran will give—you must be certain to get Kellogg's, BECAUSE it is ALL BRAN! That is the kind your physician intends you to eat.

You only delay positive relief when you eat foods with a partial bran content, because they can only help you in proportion to the amount of bran they contain! You haven't time to waste on 25 per cent or 50 per cent relief when you know that Kellogg's will give you 100 per cent relief BECAUSE IT IS ALL BRAN!

Every day's delay lets your condition become worse! Pills and cathartics can only aggravate distressing conditions. Part bran foods cannot permanently help you! They do not have the necessary bulk or roughage that makes ALL BRAN positive in its mechanical action! That is why Kellogg's ALL-BRAN is a necessity!

Kellogg's ALL-BRAN is GUARANTEED to give you permanent relief if you will eat two tablespoonfuls each day, or as much with each meal in chronic cases!

If you would realize how delicious Kellogg's ALL-BRAN is—cooked, krumbled and ready to eat—and what it means to your health—you would not lose a minute starting to eat it! All grocers sell Kellogg's ALL-BRAN in the Red and Green package.

Despite the great increase in the cost of green coffee—

we use the same blend as ever in 3/F. We are not resorting to cheaper coffees to keep down the price nor to maintain our normal margin of profit. We are putting into 3/F the high-grade coffees necessary to produce the distinctive 3/F flavor, smoothness and strength. Then we are pricing the finished product less than the advance in raw materials would justify. The result is, 3/F users are paying only a fraction of a cent more per cup than normally and are continuing to enjoy the exact kind of coffee that they have used for years, and prefer above all others.

Was a Good Judge of Liquor

"Since a young man I had a liking for liquor and was considered a pretty good judge of it at one time but constant drinking gave me stomach trouble which became chronic. My stomach would have been a valuable addition to a gas factory. Doctors did not seem to relieve me. One day my druggist got me to try May's Wonderful Remedy, and I am now as good as new." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

A quartet composed of Mrs. George Smith, Mrs. Curtis Geise, Mrs. Walter Norris and Mrs. Ross Smith, rendered a fine vocal number. Mrs. Burl Matney brought the message of the morning in a splendid address in which she not only gave important phases of the missionary work but also touched upon the Golden Rule Sunday and the personal efforts each one should put forth in living a full and well rounded christian life. The offering which was taken by four Circle girls was very liberal. Silent prayer was offered while Mrs. Paul Morris played softly an instrumental number, after which the benediction was given.

The W. C. M. S. held their regular monthly meeting in the Sunday school rooms Tuesday afternoon with Miss Ida Stevens as leader. It was announced during the business period that the Home Base Committee cleared \$65.17 at the Johnson sale last week. Obituary

Sarah Jane Wagoner, daughter of Aris and Malinda Wagoner was born in Orange township, Rush county, September 7th, 1853 and departed this life December 8th, 1924, aged 71 years, three months and one day. Early in life she became a member of the Methodist church at old Ebenezer which is known now as the Gowdy M. E. church of which she has been a faithful member for fifty-five years.

She was married to James Hardwick in November 1881. To this union were born two children, a son who died in infancy and a daughter, Lorena who died at the age of 22 years. The husband also died about eight years ago. When a young lady she taught in the public schools in Orange township, Rush County, Indiana for several years, and was a great favorite among her pupils.

She possessed a kind and loving disposition and always looked on the bright side, and made the best of her surroundings. She had been in poor health for a long time, during which she was cheerful and courageous, ministering to the comforts and welfare of those about her. She loved her home and friends and the latch string was always out to passers-by.

"Sunset and evening star And one clear call for me And may there be no moaning of the bar When I put out to sea.

But such a tide as moving seems asleep Too full for sound and foam When that which drew from out the boundless deep Turns again home.

Twilight and evening bell And after that the dark And may there be no sadness of farewell When I embark.

For tho' from out our bourne of time and place The flood may bear me far I hope to see my Pilot face to face When I have crossed the bar.

She leaves behind to mourn their loss two sisters, Mrs. A. P. Wagoner, Knightstown, Mrs. W. T. Simpson, Roswell New Mexico and Lloyd A. Wagoner of Gowdy besides a host of relatives and friends.

RUN DOWN BY LOCAL MAN, IS BADLY HURT

William Stout, Age 11, Struck by Automobile Driven by A. G. Haydon, Who is Not Blamed

MOUNT HEALTHY, O. ACCIDENT

Boy Darts in Front of Local Man's Car While Watching Another—Taken to Cincinnati

William Stout, age eleven years, was run down and seriously injured in Mount Healthy, Ohio, his home, late Thursday by A. G. Haydon of this city, who was returning to Rushville in his automobile from Lexington, Ky.

The boy was removed to Bethesda hospital in Cincinnati last night and an operation was performed at eight o'clock, but this morning a dispatch from Mount Healthy said that the youngster was not out of danger.

Mr. Haydon, who was accompanied by Mrs. Haydon and Mrs. Warder Wyatt and his brother-in-law Ben Humes, was completely exonerated of any blame for the accident, because the boy ran in front of his sedan, which was not traveling more than fifteen miles an hour, according to witnesses of the accident. It was stopped within 20 feet.

The right fender of the car struck the boy on the right side of the head, crushing some bones. In the operation performed by Dr. Stewart at the Bethesda hospital last night, it was necessary to take out some of the bones in the head and replace them, because they were pressing against the brain. The hospital physician said that even though the boy recovered he might be paralyzed at times.

The youngster was watching another automobile coming down the street and did not see Mr. Haydon's machine until it was too late, and he darted into the fender before Mr. Haydon realized what had happened.

The automobile the boy was intent on watching, which distracted his attention from the Rushville man's machine, was driven by Mrs. Carrie Broff, wife of the owner of the Mount Healthy flour mill, by whom the boy's father, Charles Stout, is employed.

She was a witness to the accident and said that Mr. Haydon was entirely blameless. Mrs. Gertrude Rhodumeyer, 3275 Rugby Road, College Hill, Ohio, was the only other witness to the accident.

Both women accompanied Mr. Haydon and Mr. Humes to the mayor of Mount Healthy, Alexis Brown, who took a statement from them, and on the strength of the evidence, did not place Mr. Haydon under bond. Mayor Brown, however, asked (Continued on Page Three)

ASKS CONTINUANCE UNTIL AFTER HOLIDAY

Roscoe Virgil Miller Seeks Delay in Trial of Divorce Suit Filed by Edna J. Miller

COMPLAINT ON NOTE FILED

The divorce suit of Edna J. Miller against Roscoe Virgil Miller, which is scheduled for trial Saturday in the circuit court, was expected to be continued until a later date, because the defendant this morning filed a motion asking that the case be continued until some date after Christmas.

The case is expected to require a day for the evidence, and in filing his motion for a continuance, the defendant alleged that he is employed as a manager for a chain grocery in Indianapolis and because of the busy season of the year, could not appear without losing his position in the store.

Another case was set for Saturday, and if the motion for a continuance is granted, there will be little business in court Saturday, excepting the presentation of minor issues.

Among the new cases filed today in the circuit court is a complaint by the state bank of Milan against Ella Grose and Paul Brodie, the action being on a note demanding judgment for \$75.

RIPLEY TOWNSHIP MEN KIWANIS CLUB GUESTS

Welcomed by S. B. Groom, Secretary of the Club, and Each of Five Respond with Short Talk

DIRECTORS ARE REORGANIZED

The Ripley township business men were guests of honor at the weekly luncheon of the Rushville Kiwanis club Thursday noon, and five of the citizens representing the township were present for the meeting.

S. B. Groom, secretary of the club, extended the address of welcome to the visitors, and each of the five men from the township responded with a talk. The men were Roy Herkless, Harry Leisure, Carol Williams, Henry Conway and N. F. Leisure.

The board of directors of the club, which was newly elected at the meeting of the week before, also announced their organization for the ensuing year. Clarence Walden has been selected as chairman of the board, Paul Phillips, financial secretary, and S. B. Groom was retained as secretary for the club.

The usual Christmas program will be carried out next Thursday, and the meeting next week will be the last this year.

EFFORT TO SAVE MASONIC TEMPLE

Proposal Made to Sell Lower Floor and Turn Second Story Over to Phoenix Lodge No. 62

STOCK MUST BE SURRENDERED

Many Owners of Original and Second Issue Shares Express Willingness at Oyster Supper

Following an oyster supper at the Masonic temple Thursday evening, a movement was under way today to sell the lower floor of the Masonic building and place the second story in possession of Phoenix Lodge No. 62, Free and Accepted Masons.

As the proposition was presented last night, if stockholders in Phoenix Masonic Temple association, owners of the building, surrender their stock, and those who subscribed to additional stock five years ago, surrender their rights, the proposition can be put across, providing Masons will contribute \$4,400 in cash.

Manly Pearce, the moving spirit back of the enterprise, who provided the oyster supper, not only agreed to surrender his block of twenty shares with a par value of \$50 a share, but said he would give \$1,000 to help make up the \$4,400 that is needed.

Blue lodge Masons were invited to the supper so that the proposal could be presented and they could take the alternative of accepting it or permitting the association to be thrown into receivership, in which case the Masonic temple would be sold to the highest bidder.

The building is the sole assets of the association, and its liabilities consist of the following: 400 shares of original stock worth \$50 a share, about \$7,600 subscribed five years ago by Masons in an effort to keep the association from going defunct, and for which no stock certificates were ever issued; a mortgage indebtedness of \$16,700, of which \$14,000 is held by an Indianapolis bank, \$1,600 by the Rushville National bank and \$1,000 in notes for money loaned to the association by Masons. All of this, together with some small accounts, make the total indebtedness of the association \$45,868.32.

The association has a bid of \$20,025 for the lower floor of the building and the upper floor is put in at \$17,500. In case the transaction should be completed, it is provided that the owner of the lower floor and the lodge would share equally in upkeep and heating, and that in case of fire, the lodge and the owner of the lower floor would divide the ground evenly.

Judge Will M. Sparks, who explained the proposal to turn the second story over to the lodge free of debt, said that the lodge stands too well in state Masonry to allow the lodge home to be in jeopardy. (Continued on Page Six)

CONTRACTORS NEVER EXPECT MONEY BACK

Elias Mortimer Says on Cross Examination Hospital Contractors "Loaned" Col. Forbes \$5,000

TOLD THEM HARD LUCK STORY

(By United Press)
Federal Court Room, Chicago, Ill., Dec. 12—John W. Thompson, millionaire St. Louis contractor, and his partner, the late James W. Black, "loaned" Col. Charles R. Forbes, \$5,000 when he was "broke" but they "never expected to see the money again," Elias H. Mortimer testified today in the Forbes-Thompson fraud trial here.

Mortimer, the government's chief witness in its efforts to show Forbes and Thompson conspired to defraud the government through building veteran's hospitals, gave this testimony in cross examination.

"Col. Forbes told me he was broke and needed money," Mortimer testified. "I told him I would see what I could do for him."

"I went to see Thompson and Black and told them a 'hard luck story' about Col. Forbes and they gave me the money to give Forbes."

"We called it a loan but they never expected to see the money again," Mortimer said.

MARY SLEETH ON COMMITTEE

Other candidates which were being boomed were George Freeman of Kokomo, William Hill of Hammond, Lemuel Pittenger of Selma, William Ross of East Chicago, James Knapp of Hagerstown and Charles Clark of Indianapolis.

NEED FOR GREATER RESPONSE IS SEEN

Many More Children Than Last Year to be Remembered, All Reports Tend to Show

The need for a greater response from the friends of Santa Claus became more apparent today when a member of the Rush county board of children's guardians reported that she had found twenty-five children in three blocks would have no Christmas whatever if this fund did not arrange with Santa Claus to step at their houses.

Previous reports have indicated that the number of children to be remembered this year would be greatly increased over last year and subsequent developments have tended to emphasize this fact.

Death, sickness and other misfortunes have played havoc in many homes, where Santa Claus will be a stranger on Christmas eve, if his friends do not rally around and come to the front for the little unfortunates in Rushville.

With less than two weeks remaining before Christmas, there will have to be much more substantial giving if there are no broken hearts in Rushville on what should be the happiest day of the year.

The little folks of the city have responded most generously this year but many of the larger gifts to the fund that have been forthcoming in the past have not materialized. Unless some of these realize their obligations to those not blessed with even many of the necessities of life, many Rushville children will have a very scant Christmas.

The Salvation Army kettle is doing faithful duty on the streets and Thursday yielded \$7.21.

CRUELTY TO ANIMALS CHARGED IN AFFIDAVIT

Causes Arrest of Tom Tompkins and Roy Hall of Milroy—Later Pleads Guilty and is Fined

TOMPKINS CHARGE DISMISSED

An affidavit charging cruelty to animals was preferred in Justice Steel's court by Prosecutor Ketchum, causing the arrest of Tom Tompkins and Roy Hall of Milroy, who appeared this morning to answer to the charge.

Hall pleaded guilty and was fined \$1 and costs, amounting to \$17.25, and the case against Tompkins was dismissed. The charge accused the men with mistreating a cow that was permitted to go without food, water or shelter for more than a day. Hall stated that he purchased the cow from Tompkins, and after getting it home, discovered it to be misrepresented and not worth the \$39 that he paid for it.

Then, according to the officers, Hall took the cow back to Tompkins, who is said to have refused him to let it in his barnyard or wouldn't take it back. So, according to the story related in court, Hall tied the cow on the outside of the barnyard and left it, thinking that Tompkins would change his mind and take care of the cow. The animal remained tied for a day and a night, and the attention was then brought to Prosecutor Ketchum, who filed the charge against both of them, in order to determine who was responsible.

PUTS EQUAL BLAME FOR MURDER ON MRS. SWEETIN

Second Confession of Lawrence M. Hight Admitted as Evidence in Trial For Sweetin Slaying

SAYS SHE GAVE THE POISON

Mt. Vernon, Ill., Dec. 12—A second confession of Lawrence M. Hight, which places equal blame for the death of Wilford Sweetin, upon Mrs. Sweetin and himself, was introduced as testimony in the Hight-Sweetin murder trial today.

Judge Kern ruled in favor of the confession after the defense had argued for about six hours against its admissibility.

In the confession introduced today Hight's reason for the murder was so "he and Elsie Sweetin could carry on their love pact without dodging the glaring eyes of townspeople." In the second confession Hight said he had purchased the poison which was used in killing Wilford Sweetin and that Mrs. Sweetin administered it.

FACTORY GIFT BIG AID IN CAMPAIGN

Innis, Pearce Furniture Company Invests \$100 in Health Bond to Help Drive Out Disease

BIG STRIDES BEING MADE

Two \$25 and Two \$10 Bonds Sold Help to Bring Total for Today up to \$751.18

The investment by Innis, Pearce and company of \$100.00 in Health Bonds was materially responsible for the big gain shown today in the receipts from the sale of Health Bonds and Christmas Seals, which will be used in the campaign to root disease from Rush county and improve the health of the people of the county.

The Seals campaign showed the biggest gain of the season today, with a jump of \$265.12.

Not alone the gift from the furniture company, but several other substantial sales of Health Bonds were responsible for the spurt, which was very encouraging to members of the Psi Iota Xi sorority, who are making the canvass.

The Reynolds Manufacturing company bought a \$25.00 Health Bond and Mr. Reynolds himself invested a similar amount in the campaign.

There were also two \$10.00 bonds sold, one of them being taken by Martha Poe Chapter No. 43, Order of the Eastern Star, and the other by the Knights of Pythias.

SAYS BUSINESS IS TRYING TO SERVE

Paul R. Benson of Newcastle Addresses Presbyterian Men at Rabbit Supper Thursday Evening

"THE NEW DEAL IN BUSINESS"

Refers to New Era as Moral Prosperity, Not Business Prosperity—Reading by Mrs. Gibson Wilson

Forty-seven men sat down to a bountiful rabbit dinner at the First Presbyterian church Thursday night and listened to an inspiring address by Paul R. Benson of Newcastle, an attorney, and recently elected prosecutor of Henry county.

The cooks had done themselves proud and received many words of praise from the hungry men. Church hymns were sung and a reading was given by Mrs. Gibson Wilson, recalling some of the early school days some of those present, when Judge John D. Megee was supposed to have been the teacher.

Mr. Benson said in the course of his address, "Real men do not look for easy things," as he discussed "The New Deal in Business." He said that he did not refer to business prosperity as such but the new era of moral prosperity. He described past conditions and methods used in business and corporation in which the object seemed to be to make a sale regardless of results to the other person.

Today, there is a new deal in business in which business is trying to serve its constituency. He illustrated this by the methods used by Marshall Fields in which his clerks were instructed to sell service.

He stated that now kindness is the rule, and cited the pension system of corporations. Every person who buys a gallon of gasoline contributes to the pension system of the Standard Oil Company's employees.

There is a higher standard of ethics now than in past years. He referred to newspapers which formerly would print any kind of an advertisement, but now refuses that which they think is not proper, for the good of the homes into which their publications go.

"The new deal in business means new ideals," the speaker declared. "This is a new spiritual force at work. In proportion to our high heritage, should be our service rendered."

"Formerly men used to question how far they were their brother's keeper. But today they go beyond that and say, 'How fares it with my brother?'"

From every standpoint, the address was masterly. His sentences were gems of beauty. His message was inspiring. Many were the words of appreciation received.

CANVASSERS WORKING FOR THE LAST \$10,000

With Subscriptions to Furniture Stock at \$68,600 There is Hope of Reaching Goal

CLOSE IT BY SATURDAY, AIM

The furniture factory stock subscription campaign stood at \$68,600 today.

This represents the actual amount for which pledges have been given and as canvassers started after the last \$10,000 this afternoon, they had hopes of reaching the goal—\$78,600.

Pledges for stock in the sum of \$16,600 have been obtained since the dinner at the Social Club Wednesday evening, which was attended by forty business men, many of whom increased their subscriptions rather than permit the offer from the management of the Rushville Furniture company to build a dining room furniture factory, if a preferred stock issue of \$75,000 were taken by the citizens of Rushville.

Those who are in charge of the campaign are ambitious to reach the desired amount by Saturday so that preparations can be started at once for putting in the foundation of the building and construction work can get under way by next spring.

RUN DOWN BY LOCAL MAN, IS BADLY HURT

Continued from Page One
The Rushville man to send him a statement regarding his liability insurance.

Edward F. Bradstreet, editor of the Hilltop Weekly, Mount Healthy, provided information regarding the accident by telephone. He stated that public sentiment was entirely for Mr. Haydon and that his conduct following the accident won the admiration of everyone.

Mr. Haydon, according to Mr. Bradstreet, offered to pay all of the hospital expenses and made arrangements to keep in touch with the boy's condition until he was out of danger.

The little boy who was hurt, is one of a family of five boys. One of his brothers was run down by an automobile truck early this year, and he is now a cripple from the effects of the injury.

Mount Healthy is two miles beyond the Cincinnati city limits on the Hamilton pike.

The Rushville party was returning from Lexington, where Mr. and Mrs. W. P. Haydon, parents of A. G. Haydon, had been celebrating their golden wedding anniversary. They had expected to come back through Oxford, Ohio, and spend a few hours with Miss Kathryn Haydon, daughter of Mr. and Mrs. Haydon, who is attending Western College.

PETERS LEADS IN SCORING

The Fairview A. C. Basketball team triumphed in a great victory Thursday night at Fairview, when they took the fast Morgantown team into their camp, by the score of 43 to 23.

The first half was close, with the home team leading 20 to 15, but in the last half, Fairview stepped lively, and soon were so far in the lead that the Morgantown bunch could not catch up with them, and they only made 8 points, while Fairview added 23.

Peters led in the scoring for Fairview, while for the visitors the two Adams brothers went best. Several basketball fans from Rushville witnessed the game, and a large crowd was on hand. The line-up and summary:

Fairview 43	Morgantown 23

OFF TO COLUMBUS, WIN OR LOSE, WE'LL BE BACK TOMORROW.

Then after Columbus, the Lions will take up the little matter of settling with the Hawks for the past few defeats they have given 'em.

Prospects for getting a good schedule for next year is in sight. The Anderson Bulletin says:

Manager Roberts is negotiating with Columbus, Shelbyville, Rushville, Martinsville, Muncie, Franklin, Frankfort, Bedford, Vincennes and other prominent teams for basketball games next season. A fast schedule is assured for Anderson.

Grab off the good teams for next year, and build the Lions up for the heavy work. Let's cut out some of the weaker sisters.

The New Palestine Red Birds must have won their game from New Salem Tuesday night, because we never heard another word about the big event. Funny thing how some teams forget to report their games, when the other fellow wins.

Carthage faces a hard week-end. They play at Cumberland tonight and on Saturday they meet Moscow at Blue Ridge.

They just can't get that game off their minds in Connersville. Here is what Side Lights says:

FIGHT'S GONNA HAVE A LOT TO DO WITH WINNING THAT RUSHVILLE TILT, NOT

TOO EARLY TO BEGIN TO GET THE OLE PEP, GANG.

Says the Hardwood Hamper of Columbus:

But now down to brass tacks. Rushville, with what it considers the hardest game of the year on its hands Friday night here, is coming determined to triumph. That is the spirit which counts, but as the Bull Dogs also have the same spirit, it will, after all, be a case of the better team getting the gravy while the other gets the bones. As the Bull Dogs lived on bones for two games they're quite fed up on them, thank you.

Columbus says that the bark of the Bull Dogs isn't what counts—it's the bite. But barking dogs, so we are told, never bite.

What's a guy going to do, with basketball on full tilt, and here comes along an invitation to participate in the state checker tourney at Indianapolis on December 30?

Moscow is Barnstorming!

Watching the Fools in the Muncie Press says:

Extra! Extra! Moscow's on the trail again! The kids of "covered bridge" fame, who won the Eastern Indiana sectional tourney last year, defeating the Huntington Colts, the Meadow Golds and Yorktown with its Anderson High stars, start barnstorming tonight. They tangle with the Galveston crew on the upstate floor, Earl Ball, of this city, who had charge of the Meadow Golds last year, is in charge of the Gosnell-Tillison bunch.

THE SUICIDAL FIVE

Gos of Roanoke, Mustard of Richmond, Garlic of Summitville and Conkain on one of Cass county's teams have been chosen as members of the "Hot and Dopey" team. Will someone please round out the crew with one more addition?—Washington Democrat.

Markin' 'em up adds Hatchet of Eaton and then why not blow the whole thing up with Cannon of the Magic City Crew?

"Rushville will play at Columbus Friday night. Somebody else is going to be discovered," so says Casual Comment of Vincennes, but he doesn't say who will be discovered. That's what we want to know before the game.

At Kirkland (where is that geography?) they make a family affair of it, the team being composed of D. P. L. and K. Arnold. The baby's too young so they called on an outsider to complete the quintet.

—Basketbawls, Washington

Raleigh plays at Connersville tonight. Wouldn't it be some jar if the Sir Walters would flop 'em.

A crowded gym tonight will be at Greensburg, where Shelbyville will move over for a game.

Pitcher Again Gets a Chance

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Dec. 12—Official batting averages for the American League indicate that the efforts of the rule makers to help the pitchers are meeting with some success. Perhaps the lively ball, which produced such a spree of hitting in the past several years, was made less lively or it may be that the compromise on the pitching rules helped the pitchers and made it harder for the batters.

Most of the major league club owners view baseball from a commercial standpoint. With big investments of money represented in high-priced parks and fancy priced players with large salaries, the club owners cannot be blamed too much for watching the cash register.

Baseball, unlike the game of boxing, has been kept consistently in the favor and popularity of the public by changing its style to meet a changing interest in the game. The rules of boxing never have been changed to keep up fully with the changes that must come in the tastes and designs of changing generations. Baseball has done well in supplying just what the public seemed to want in the way of baseball.

In the old days, a tight pitchers'

battle with a low score was the favorite style of baseball. Great pitchers were developed then and little premium was placed on hitting. Fast base running clubs became a vogue and major league managers stressed the value of a fast attack. Base runners could be developed easier than great pitchers and great batters.

When Babe Ruth came along and made popular the slugging, smashing style of attack, the crowds flocked to games in which there was promise of a home run. Every club owner wanted a Babe Ruth on his team, but there was only one Babe and the club owners had to do the next best thing.

When the popular style of baseball turned to a hitting game, the rule makers had to impose a handicap on pitching so that it would be easier for the batter. The spitball was barred and rules were passed against the use of any foreign substance on the ball. The "shiner" and the "emery ball" were ruled out and the hitting increased.

It was rather easy then for a .275 hitter to jump up into the .300 class or better, but it was far more difficult to create a batter who could slam the ball out of the lot when the Ruth craze for home runs was started. The pitchers couldn't be saddled with any more handicaps in the delivery of the ball and the batters couldn't have it made easier for them to hit. The magnates found the solution in a lively ball that would go farther and faster.

ACQUITTED

Following her acquittal by a jury of the charge of murdering Fred Schneider, Mrs. Anna Buzzi announced she expected to make a trip south and visit in New Orleans with her sister, Mrs. William T. Ture.

Mrs. Ture is the wife of a young taxi driver, who in the course of two trials accused Mrs. Buzzi of the murder. At a re-trial, which was concluded with the jury's verdict of "not guilty," Mrs. Buzzi, in her turn, said she believed Ture had committed the crime for which she has spent 11 months in the death house following her first conviction over a year ago.

Mrs. Buzzi was accused of shooting to death the man who for eight years maintained her in a "love nest." Schneider's dead body, guarded by his "Chow dogs," was found slumped over the wheel of his automobile on the evening of February 26, 1923.

EFFORT TO SAVE MASONIC TEMPLE

Continued from Page One
Judge Sparks read a telegram from Senator James E. Watson, who said he would surrender his 102 shares in the association, having a par value of \$5,100, and his offer was vigorously applauded.

Other Masons living elsewhere, who offered to surrender their stock, in messages received here, were Dr. W. S. Coleman of Miami, Florida and W. A. Stockinger of Noblesville.

Two hundred and fifty-two shares of the original stock was surrendered last night and \$2,000 of the sum subscribed five years ago was signed over to the lodge. Practically every subscriber to the new issue five years ago, who was present last night, gave their consent to have it signed over to the lodge.

A vote of thanks was extended to Manly Pearce for his interest taken in the movement to save the Masonic building for the lodge.

Committees were at work today endeavoring to interview those who hold both issues of the stock, in an effort to persuade them to sign it over to the lodge, and to raise the cash that will be necessary to close the transaction.

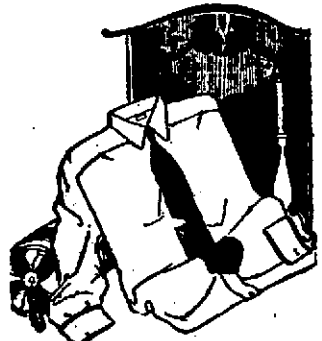

The Phoenix Masonic Temple association got into financial difficulties after the fire about fifteen years ago, when the original Masonic home burned down and a new one was erected. Ever since that time the association has been going farther into debt, until it has now come to the parting of the ways.

Set yourself straight on these Bran facts!

If you eat bran it is because you seek relief from constipation and toxic poisoning!

To get the relief your physician will tell you that bran will give—you must be certain to get Kellogg's, BECAUSE it is ALL BRAN! That is the kind your physician intends you to eat.

You only delay positive relief when you eat foods with a partial bran content, because they can only help you in proportion to the amount of bran they contain! You haven't time to waste on 25 per cent or 50 per cent relief when you know that Kellogg's will give you 100 per cent relief BECAUSE IT IS ALL BRAN!

Every day's delay lets your condition become worse! Pills and cathartics can only aggravate distressing conditions. Part bran foods cannot permanently help you! They do not have the necessary bulk or roughage that makes ALL BRAN positive in its mechanical action! That is why Kellogg's ALL-BRAN is a necessity!

Kellogg's ALL-BRAN is GUARANTEED to give you permanent relief if you will eat two tablespoonfuls each day, or as much with each meal in chronic cases!

If you would realize how delicious Kellogg's ALL-BRAN is—cooked, krumled and ready to eat—and what it means to your health—you would not lose a minute starting to eat it! All grocers sell Kellogg's ALL-BRAN in the Red and Green package.

Despite the great increase in the cost of green coffee—

we use the same blend as ever in 3/F. We are not resorting to cheaper coffees to keep down the price nor to maintain our normal margin of profit. We are putting into 3/F the high-grade coffees necessary to produce the distinctive 3/F flavor, smoothness and strength. Then we are pricing the finished product less than the advance in raw materials would justify. The result is, 3/F users are paying only a fraction of a cent more per cup than normally and are continuing to enjoy the exact kind of coffee that they have used for years, and prefer above all others.

Was a Good Judge of Liquor

"Since a young man I had a liking for liquor and was considered a pretty good judge of it at one time but constant drinking gave me stomach trouble which became chronic. My stomach would have been a valuable addition to a gas factory. Doctors did not seem to relieve me. One day my druggist got me to try May's Wonderful Remedy, and I am now as good as new." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. —Advertisement

Mr. and Mrs. J. W. York and family were Sunday guests of Mr. and Mrs. Emmet Farthing of near Andersonville.

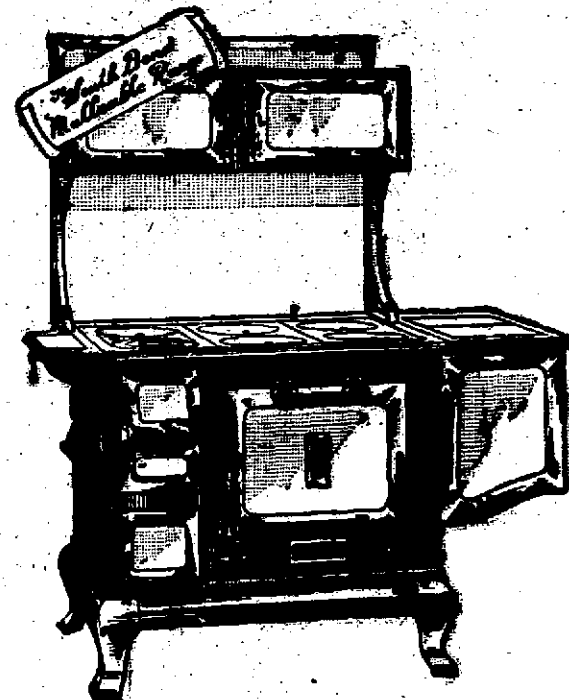

Mr. and Mrs. Bert Norris entertained at dinner Sunday, D. E. Walker and Mr. and Mrs. Walter Norris and family.

Woman's Day was observed at the church here Sunday morning at eleven o'clock. Miss Blanch Armstrong, president of the W. C. M. S., presided. The scripture was read by Mrs. William Brooks, after which the audience repeated the Lord's prayer in concert. A quartet composed of Mrs. George Smith, Mrs. Curtis Geise, Mrs. Walter Norris and Mrs. Ross Smith, rendered a fine vocal number. Mrs. Burl Matney brought the message of the morning in a splendid address in which she not only gave important phases of the missionary work but also touched upon the Golden Rule Sunday and the personal efforts each one should put forth in living a full and well rounded christian life. The offering which was taken by four Circle girls was very liberal. Silent prayer was offered while Mrs. Paul Morris played softly an instrumental number, after which the benediction was given.

The W. C. M. S. held their regular monthly meeting in the Sunday school rooms Tuesday afternoon with Miss Ida Stevens as leader. It was announced during the business period that the Home Base Committee cleared \$65.17 at the Johnson sale last week. The members of the Edwards division, served refreshments at the close of the program.

Obituary

Sarah Jane Wagoner, daughter of Aris and Malinda Wagoner was born in Orange township, Rush county, September 7th, 1853 and departed this life December 8th, 1934, aged 71 years, three months and one day. Early in life she became a member of the Methodist church at old Ebenezer which is known now as the Gowdy M. E. church of which she has been a faithful member for fifty-five years.

She was married to James Hardwick in November 1881. To this union were born two children, a son who died in infancy and a daughter, Lorena who died at the age of 22 years. The husband also died about eight years ago. When a young lady she taught in the public schools in Orange township, Rush County, Indiana for several years, and was a great favorite among her pupils.

She possessed a kind and loving disposition and always looked on the bright side, and made the best of her surroundings. She had been in poor health for a long time, during which she was cheerful and courageous, ministering to the comforts and welfare of those about her. She loved her home and friends and the latch string was always out to passers-by.

"Sunset and evening star
And one clear call for me
And may there be no meaning of the bar
When I put out to sea."

But such a tide as moving seems asleep,
Too full for sound and foam
When that which drew from out the boundless deep
Turns again home.

Twilight and evening bell
And after that the dark
And may there be no sadness of farewell
When I embark.

For tho' from out our bourne of time and place
The flood may bear me far
I hope to see my Pilot face to face
When I have crossed the bar.

She leaves behind to mourn their loss two sisters, Mrs. A. P. Wagoner, Knightstown, Mrs. W. T. Simpson, Roswell New Mexico and Lloyd A. Wagoner of Gowdy besides a host of relatives and friends.

STEAM, CAUSTIC SODA, ROAD TAR AND MUD

See These Tests on The New DUOCO Finish

Duco, the new finish for motor cars, stands tests no finish ever stood before. Come to our shop and watch us test it with road tar, mud, steam, caustic soda, and even acid. Duco resists to an unusual degree the destructive wear and weather. It is the only radical improvement ever made in an auto finish—the discovery of du Pont Chemical Engineers and thousands of painstaking experiments. Duco Finish is destined to revolutionize the motor car finishing industry. It is already used by thousands of car owners and has been proved out in grilling road tests covering thousands of miles in all kinds of weather over all kinds of roads. Alone among auto finishes, Duco improves with age. We can refer you to owners who will tell you every claim made for Duco is an understatement. Come and see for yourself that the truth about Duco is stranger than fiction. You'll want this new finish of lasting beauty on your car.
